

Johnson County Library, March 2018 National Quilting Display

In 1992 the National Quilting Association first designated the third Saturday of March each year as National Quilting Day to honor quilt makers and to recognize the many contributions they make in promoting and preserving the art of quilt making.

The Library, with the assistance of volunteers, will display quilts and present special programs for the month of March. For educational purposes, each quilt will be identified by maker, pattern and date, if known. Quilts will be handled with great care. (Quilts will not be for sale.) Please fill out the Loan Agreement Form and note dates. Due to space restrictions, please bring ONLY ONE QUILT to display. If a sufficient number of quilts are not at hand for the display, the Buffalo Quilt Guild may designate one or more quilters as "featured" quilters whose works will fill in the display.

	Saturday MARCH 3	10:00 a.m. to 4:30 p.m.
