No-Pattern Paper Piecing

1 day class supply list

The improv way to use a paper foundation. No lines to follow, barely any ripping! Improvise a modern crazy quilt or a free-form square-in-a-square using newsprint squares and scraps from your sash!

Bring the following to class:

- 16 - 32 squares cut from newspaper, a newsprint pad, or old phone books. 6" square is a good size.
- strips and scraps of any size or shape - leftover bits in your stash that are already cut, or orphan blocks to cut up and re-use.
- solids in darks, mediums, lights, and any prints: small, large, dots, stripes - whatever you have.

The Usual Suspects

sewing machine
scissors
thread
iron (if not supplied by venue)
rotary cutter and mat
ruler (which you will use only to trim)
seam ripper (just in case)

Other

24" x 36" piece of cotton batting to use as a design wall
blue painter's tape to attach batting to wall.

Any questions, feel free to email me r.gillman@studio78.net
