"GIVE YOUR HEART TO QUILTING"
By Eva Knight

Hearts can use all sorts of fabrics—red, of course; but if there's a rainbow in your heart, use it. Choose prints for the heart and off-white neutrals for the background. Have fun! No getting "up-tight" about precision—trim this template-free pattern to $6\frac{1}{2}$ " square when set. (Note: the pieces are numbered for foundation-paper piecers.)
