Quilt Wyoming would like to have a list of any special materials or books that you use for your class so that the vendors can have these items on hand:

Please note Teacher Guideline Policy from WSQG on copyright issues, material fees, supply lists, and sales of items in Quilt Wyoming classes.

Each class will have a "Teacher's Angel" who will assist you by checking registrations, collecting any fees, passing out handouts, holding quilts, etc. The angel will be a member of your class and will need time to work on the class project.
