

**Beginning Quilter's Sudoku**  
**Quilt Wyoming 2023 – Riverton, WY**  
**Taught by Robin L. Dempsey**

In this class, suitable for beginner quilter's, you will learn/review basic successful quilting principles to create a fun table topper or baby quilt. The quilt measures approximately 36" square and is based on the popular number puzzle, Sudoku. If you have never done a Sudoku puzzle, you are in for a treat! Choice of fabric is entirely up to you. The class sample was created using brightly colored batiks for the squares, solid black quilter's cotton for the sashing and borders, a solid violet quilter's cotton for the backing, and a fun polka dot quilter's cotton print for the binding

To successfully participate in this class you must have a good working knowledge of your sewing machine. The following items should be brought to class. If you have questions, or if you need assistance with what to purchase before the class, call 307-631-5318 or email Robin at [robinldempsey@aol.com](mailto:robinldempsey@aol.com)

**Supplies and Preparation:**

Fabric:

Nine different, coordinating fabrics (can be prints or solids)

9 - Full 1/8 yard pieces (4 1/2" x 42") will work if you have them or can get them cut that way, **otherwise:**

9 – 1/4 yard pieces **or** 9 – fat quarter pieces

5/8 yard for sashing and borders

1/3 yard for binding

1 1/8 yard for backing fabric

Prewashing your fabric is **not** necessary, however, if you normally wash and press your fabric before beginning a project, please feel free to do so before class. Note, prewashing full 1/8 yard pieces should be done by hand to avoid excessive fraying and wrinkling. All fabric should be pressed prior to class.
