

MYSTERY QUILT

Corrected September 14, 2023 to include final Fabric #1 cutting instruction

Join us for a mystery quilt adventure. We will use Barbara Graham's third book "Murder by Music"

Follow the clues to create an easy and fun quilt top that measure 60" x 70".

Please be aware that Barbara created the clues 12 years ago and **she will not tell you about the final product!**

Patchwords will include the full cutting instructions and four clues over the next three editions. The final clue will be in the February-March 2024 Patchwords. Plan to share a picture of your finished blocks along the way, and the finished quilt in an issue of Patchwords in 2024.

WE HOPE YOU WILL HAVE FUN SOLVING THIS MYSTERY!

CLUE #1
