Laramie County Community College (LCCC) is the location for QW24. The facilities have changed a great deal in recent years. There are many new buildings, and several buildings have been remodeled for new educational purposes.

To help you have a positive experience, PLEASE, take the time to explore campus. There is a virtual tour at this site.

The QW24 Committee encourages you to think about “wheels” for transporting your sewing machine and supplies around campus. Having everything on your supply list will help you prepare for a successful class experience.
