

Mystery Bargello - Size to be determined by you!

Quilt Wyoming 2024, Cheyenne, WY

Taught by Robin L. Dempsey

robindempsey@aol.com

We are going to have some fun and be creative in the process! This mystery will be a little bit fractured and a little bit bargello! I think you will really like the result.

Bring one jelly roll or 2 ½” strip set and choose a darker/brighter contrast fabric. You will need at least ½” yard of the contrast – but you can choose to bring more if you wish to build on to the quilt (1 yard). Don’t choose a fabric that is too close in color to any of your strips in the set.

You can use batiks or regular cotton prints.

During class, we will discuss finishing options and you may, which means you may be adding another fabric.

Any level of quilter is welcome. You should have a good understanding of your sewing machine and its’ operational capabilities, and you should be able to sew a fairly accurate ¼” seam. Additional standard supplies include:

A good piecing thread, neutral
Extra machine needles and bobbins
Seam ripper
Straight pins
Purple Thang, or other stiletto type tool
Rotary cutter, ruler and mat
