

Purdy Bird Class taught by Deonn Stott

This is such a fun quilt with lots of techniques, but in small doses so it's entirely manageable. There is not a lot of prep to do, other than to select your fabrics and have them pressed and ready to cut in class. See the attached coloring sheet for you to try out your colors and get a preview how your quilt will look.

Order the pattern from the following website. Purdy Bird by Allison Richter
www.campbellsoupdiary.com
<https://www.campbellsoupdiary.com/product-page/purdy-bird>

The price is \$10€ which equals \$9 or 10 US dollars. Download and print at home, a print shop or library. The pattern makes a 56" x 56" quilt. If you prefer to reduce or enlarge the pattern, then you can print the pattern the size you'd like. I reduced my first one 50% to fit on the wall of my bathroom, about 28" x 28" finished.
