

# Wildflower Seeds Wall Quilt

*Marianne@QuiltingWithMarianne.com*

33"x33"

**Skill level:** Intermediate

## **Class Description:**

This is one of my favorite quilts ever. It's fun to put the pieces together and create the flowers. Many different fabric choices make beautiful combinations. Create your wildflowers from your favorite prints, the newest batiks or anything you like. This is a great way to use up your favorite scraps.

We will learn to make "Stitch and Flip" pieces quickly and accurately to create wildflower quilt blocks. Try out a "Sew Straight Template", "Seams Sew Easy" guide and diagonal seam tape to discover your favorite method of accurately stitching from corner to corner without having to mark lines on your fabric. We will learn how to construct small pieces and sew them together precisely. Get tips for pinning and pressing seams for more perfectly matching patchwork.

We have kits available for the wall quilt and the 66"x78" quilt using most of the same batik fabric from the original quilt. Anything you order online prior to the show, or purchase at the retreat is 15% off for class members. If you know what you need I can bring it to you.
