

Scrappy Starburst

Deb Kipp wjowind63@yahoo.com

The Christmas Cactus table topper or Scrappy Starburst table topper, depending on fabric choices. Would work great for a stash buster topper. Confident beginner.

Fabric requirements:

For Christmas cactus version: (all strips are 2½" wide and width of fabric)) 4 strips of dark green, 4 strips of light/medium green, 4 strips dark red/burgundy, 4 strips light/medium pinks.

For Scrappy Starburst version: 2 ½" wide strips cut width of fabric of a variety of fabrics.

1 ½ yds. Of a light background (solid or reads a solid) will also be used for borders and sashings.

Standard sewing supplies, machine in good working order(with all cords and pedals), a 6 x 12 ruler, 6 x 6 square ruler, a 20" x 20" square ruler is handy but not required, (I will have one there for class use and I will also have a 6 x 24" ruler available), marking pen/pencil, and of course your machine's ¼" foot.

SOME PRE-CUTTING REQUIRED.
