Lauren Andrist has many years of experience traveling and exploring quilt shops, as well as extensive sewing experience. Marianne Ballash as a young girl, loved doing everything her mom did and learned to love crafting and creating. She was knitting by age five and sewing her clothes by the age of 12. One summer between college semesters she spent the evenings at her grandmother's house hand quilting with her. Marianne's love for quilting was just beginning. Shortly after moving into her current home, just over 30 years ago, she was invited to join a quilting group. They would spend one evening a week quilting and learning piecing and applique techniques. Those mentors became some of her greatest friends. She's been hooked ever since. She has spent the last 30 years taking classes and meticulously learning new techniques and finding fun and efficient ways to make beautiful quilts. Recently she started creating her own patterns and projects. She is always looking for new patterns and techniques and loves every step of the quilting process.

Ruth Davis is an award winning designer/quilter/instructor who has been piecing for over twenty years and machine quilting on both domestic and long arm machines for the past fifteen years. She describes herself as a crazy paper-piecer. Ruth teaches at the Quilted Beehive in Ogden, Utah.

Kaye Evans was born the middle child of a career Air Force officer before her dad retired at HAFB in Ogden, UT. After her marriage and birth of her two children she took up the hobby and career that she now has of piecing and quilting hundreds of different quilts, not only for herself, but for charities involving police, foster children, cancer victims and Quilts of Valor. She enjoys not only teaching, but taking multiple classes to hone her knowledge and be able to pass that knowledge along to others. Many of the classes she teaches also involve a trunk show of multiple quilts made with the same technique, but slightly varied. Kaye is presently teaching a class she calls Kaffe and Friends. It is an ongoing class that is in its 13th year. Each year a different technique is taught, and students are encouraged to choose their own fabric and incorporate their imagination into their creation. The quilts are then displayed at the USQM show in SLC, UT each May. Her passion? Teaching. She found it, and now embraces it wholeheartedly.

1. Karen K. Stone - English Paper Piecing by Machine I

Skill Level: Confident Beginner

Do you love but avoid the traditional one-patch? Handwork is wonderful, but let's explore an innovative machine technique, useful for any pattern that would be English paper pieced, without compromising the integrity of the original. We begin with hexagons, then move quickly to a sunburst star (like in the pictured quilt, simplified for class). You'll enjoy having this in your bag of tricks! Sewing machine not needed. **Supply Fee \$10.00**

2. Susan Cleveland - Piping Hot Binding

Skill Level: Confident Beginner

Piped bindings add spark and a professional finish to any style piece. Every detail of binding and tiny perfect piping will be covered in class with step-by-step demos and printed instructions. Machine differences will be addressed so students will be

successful with their own machines. Students work on their practice piece to achieve making perfect piping, preparing the quilt, applying piping, applying binding, mitering corners, joining tails, and finishing for a show-quality back. Variations will be on display and discussed. Many major award-winners are using this technique to achieve stunning results!

3. Jane Haworth - Hens and Roosters

Skill Level: All

4. Kaye Evans - Wyoming Clamshells

Skill Level: Confident Beginner

You will learn to cut your fabrics using a 12" clam shell ruler. After cutting the clamshells you will learn to sew them together. You will be amazed at how accurately they assemble. You will be given ideas for expanding on the basic clamshell. This is a very versatile technique with many creative possibilities.

5. Ruth Davis - Color Kaleidoscope

Skill Level: Confident Beginner

9. Donna Toly - Shades of One-Color Potato Chip Quilt

Skill Level: Beginner

What is a potato chip quilt? It is a quilt made from a pattern of blocks that use rectangles that are twice as long as they are wide. It is said to have gotten its name because, like potato chips, "they are so fun to make that you won't want to stop at just one". And Donna Toly should know because so far she has made 48 of them! It is an

excellent scrap-buster quilt for the beginner quilter. When you take this class you will learn how to make a Shades of One-Color Potato Chip Quilt, but you will also leave with a booklet compiled by Donna containing at least eight variations on the basic pattern. This is a quilt that can become addictive for quilters who love to work with color and scraps.

10. Marla Marx - Truvy Bag

Skill Level: Confident Beginner

The Truvy bag is the perfect bag to take handwork or other small projects in when you are on the go. The bag has four zippered vinyl pockets, two of which are removable by

snapping those sections out. The bag measures 7" x 11" excluding handles. The removable pockets both measure 5" x 8". **Pattern required.**

best. I will give guidance on making the enlargement approximately 200% before the class which will be used as the pattern.

Skill Level: Confident Beginner

This mystery quilt is by Pat Speth of Nickle Quilts and the name is from one of the characters in a series of 29 "The Cat Who" books by Lilian Jackson Braun. I would suggest that the lap size quilt, so a large part of it can be completed in class.

SOME PRE-CUTTING IS REQUIRED.

23. Karen K. Stone - Wild Women Don't Get the Blues Skill Level: Confident Beginner

Patchwork, wonderful color, and wild friends - what could be better? Paper-foundation piecing Karen's original way - streamlined and efficient. Also, individualized interpretive color talk. Pattern pages provided.
Pattern Fee: \$10.00

24 Susan Cleveland - Disappearing Dresdens Skill Level: Confident Beginner

Double points put a contemporary spin on this long-time favorite and they eliminate the need for the traditional appliquéd circle in the center of each circle! Using quarter-circle, half-circle, and three-quarter-circle units adds another interesting bit. Learn Susan's tips for speedily turning the wedge

points with the Prairie Pointer Tool and use tricky piecing to assemble the arcs, circle and background. Points are three-dimensional and design possibilities are endless. Finished quilt is 27"x 24"

25. Kaye Evans - Feathered Star Skill Level: Confident Beginner

Use the center to showcase a big print fabric or panel. This is a stunner! This beautiful 38" star can be made with a pieced center or some wonderful, luscious fabric cut to size like Kaye did in the class sample. This quilt requires precision piecing so it is not a beginner project, but is for a more accurate piecer with sewing experience.

26. Ruth Davis - Painting, Couching and Quilting, Oh My! Skill Level: All

Join Ruth in this fun class using acrylic paints, textile medium, and yarn. We will begin by painting prior to lunch and then Ruth will demonstrate how to couch yarn onto painted fabric that has been allowed to dry. Come and learn these creative techniques and see how they can enhance your quilts.
Kit: \$30.00

27. Donna Toly - My Big Bag Skill Level: Confident Beginner

My Big Bag is just that — a durable, functional big bag that is perfect for carrying sewing projects, groceries, library books and any number of other things. It is lined with interior pockets and has a heavy duty handle. As an added bonus, Donna will help you personalize your bag by providing a stitched label with your name on it to sew into a seam of your bag. This a perfect class for quilters who are new to making bags and wants to increase their skills.

28. Lauren Andrist - Skylark Skill Level: Confident Beginner

The Skylark is made with 10" squares, great use of that layer cake you picked up. The main technique is machine applique. You can make the table runner or

the quilt. The table runner makes up very fast and you should have it done and ready for quilting by the end of the class. There are lots of options and fun when you are deciding on how you want to design your feather. You can use seasonal prints, (Fall, Christmas, Halloween, Winter) or a grouping of batiks or other lovely cottons. Think about using a print background and then tonal colors for the feathers for a different and unique look.

29 Marla Marx - Petal Pizazz Skill Level: All

Petal Pizazz is a dramatic and asymmetrical design that comes together quickly and lends itself to the use of high contrast fabrics. This class will use Phillips Fiber Art Ruler to make the table runner. **Pattern and ruler will be available for \$20 from the instructor.** (The ruler contains a bonus pattern.)

30. Marianne Ballash - Sparkle Skill Level: Confident Beginner

This Sparkle Quilt combines two great quilt blocks. You will love Michelle's detailed and well organized instructions. The pattern makes fabulous use of Fat Quarters. Choose to purchase a kit featuring a beautiful color palette or bring your favorite collection of FQs and a high contrast background. Learn Michelle's process improvement techniques and simplify your piecing while increasing precision and accuracy. Come try out some new tools and practice cutting and pressing techniques for more perfect patchwork. Make a couple of quilt blocks or finish a complete

quilt. We will have fun sewing together and making a quilt you will love. QuiltingWithMarianne.com.
