

Brochure Bio Correction for Printed Brochure only: I have been sewing since about age 12, making most of my garments through my school years. Shortly after making my first quilt I discovered Deb Tucker's Studio 180 Design tools. These tools make my quilting so much more accurate than other tools or rulers did. These are the only tools that I use now.

I have been teaching with Studio 180 Design tools for **9 years** now. Almost any pattern can be adapted to use these tools so you can become more accurate too. The tools make the usual block units that we all make over and over in our quilts, and many other units as well.

I love teaching quilters about these tools so they too can become even more accurate with their quilting.

"Fiesta" Quilt

Tools needed: Studio 180 Design Split Rec and Corner pop

Class Length: Full Day - 6 hours **Class size :** 20 students

Level : Advanced Beginners

Instructor will have tools at a QW26 discount with
cash or checks only please

Reg. price Split Rec tool \$ 34.50, QW26 \$ 26.00

Reg. price Corner pop tool \$ 40.50, QW26 \$ 30.00

Reg. Price Pattern \$ 12.40, QW26 \$ 10.00

Dark Background with brights.

These fun spinning stars are actually fairly simple to construct. You will use a layer cake to create these bright spinning stars on a black background, or various prints on a light background.

Pre-class Cutting

Sort your 10" bright or colored sqs into pairs that coordinate with each other. Example: a light blue print with a dark blue print....or however you like your pairs or stars to look.

For the class you only need to cut about 6 pairs. Feel free to cut more if you wish.

From these 12 - 10" sqs cut a 6" x 10" strip and save the remainder of the square for the borders.

From background fabric - cut 3 - 6" x WOF strips. Cut 2 - 3 3/4" x WOF strips and subcut these into 3 3/4" x 3 3/4" sqs and cut these sqs.

once diagonally for triangles.

Cut 2 - 5 1/4" x WOF strips and subcut these into 5 1/4" x 5 1/4" sqs and cut these sqs

twice diagonally for triangles.

Fabric list

Lap Size 57" x 71"

Brights - 36 - 10" sqs.

Background - 4 1/4 yds

Binding - 1/2 yd

Backing - 4 1/2 yds

Queen Size 85" x 99"

Brights - 100 - 10" sqs

Background - 8 yards

Binding - 3/4 yd

Backing - 8 3/4 yds

Twin Size 71" x 85"

Brights - 64 - 10" squares

Background - 6 yards

Binding - 5/8 yd

Backing - 5 1/4 yds

Light Background with various prints.
